WAISC 2011

10th Annual World Alternative Investment Summit Canada September 19-21, 2011

FALLSVIEW CASINO RESORT
NIAGARA FALLS, ONTARIO

WAISC 2011 is our 10th annual event. As we look back over these 10 years and see the ups and downs in the hedge fund industry we marvel at the resilience and determination of the Canadian hedge fund industry. This has not been an easy path to forge with the challenges in regulation, the accredited investor rules, hedge fund blowups and of course the turbulence in the markets.

On a positive note, the growth of all alternative products, including hedge funds is remarkable. The enactment of the exempt market legislation in 2010 has shed new light on alternative investments.

This is all good news for the alternative investment industry, and **WAISC 2011** will examine what managers and investors are doing right, update you on theme's of the future and bring to light new regulatory changes. Over the past 10 years we have introduced dozens of authors, educators and presenters to keep you well informed of the revolutionary hedge fund world and this year will not be any different.

Our commitment to the alternative space at **WAISC** is growing and the regulatory changes in the **Exempt Market Dealers and Products** affects the alternative industry in a big way. This area was added to **WAISC 2010**, where we hosted educational and product sessions. At **WAISC 2011** our commitment to the EMP area has increased, we will once again offer a focus on products and issues that are top of mind for this ever important alternative investment sector.

This year at **WAISC** we are including a full day of sessions on exempt market issues. The exempt market sessions provide an opportunity to learn, grow, network and add clarity in the complex exempt securities market.

WAISC 2011 will bring together over 450 of the industry's leading managers, service providers, regulators, advisors and investors for two days of lively discussions, education sessions, networking opportunities and entertainment. Sponsorship is a must if you are looking to gain exposure in the Canadian alternative space.

We look forward to seeing you there.

Radius Financial Education Inc.

Radius Financial Education (RFE), a division of **CHW Inc.**, was formulated in 2009 in response to the growing demand for specific educational programs and conferences. **RFE** is committed to enhancing education and communication by providing in-depth courses, informative materials and conferences for the Canadian financial industry.

The Canadian financial industry is a constant and ever changing environment and the need for updated information on products, concepts and practice management has never been more necessary. Our events focus completely on education and networking through an exchange of unbiased ideas, information and concepts allowing our delegates to be leaders in their chosen field.

The founders of **RFE** have accumulated over 50 years of combined experience in the financial services industry and spent the past 9 years in organizing and promoting investment conferences. Through these founders as well as the teams they have built in each area of expertise we strive to provide high quality, structured events.

Our top down approach to the agenda enables us to deliver timely, thought-provoking, cutting edge, and sometimes controversial insight in a stimulating manner. We understand the importance of learning from the best. Each conference offers a well balanced speaker composition consisting of insight from authors, educators, economists, regulatory bodies and industry leaders from around the globe.
